

Discoveryland News

We did it! The first few weeks of the official school year went well. I went through the classrooms and saw all the smiling faces. The main comment in each room was how big they are now! "I am in the big kids class now Ms. Penny!" So every day I am building on that because they ARE growing. So quickly and before you know it, they will be off to Elementary, then High school and college.

This year, we want to really celebrate the accomplishments of each child. Many of them have been with us since room 1. We see the changes in them and are so proud of how far they have grown. Even just over the summer. We are so honored to be a part of this important step in their Educational journey. We are the first steps actually. The learning to love school stage. The social and emotional stage. The stage where we are learning more

about what Jesus means to us and how we can learn to be like Him. We are using our minds more and being creative with our projects. Figuring out things and solving problems. All-important life skills. You may think trying to put blocks away in their proper order is not difficult. But for a 2 year old it can be a challenge, or hanging up dress up clothes, flushing the toilet, trying new foods, or just being able to sit for a few minutes during circle time. This is hard stuff for kids.

But we are all here to help them each step of the way. Our staff is also here for you parents. It can be difficult terrain for you and your child at first. So please communicate with your home room teachers to let them know any concerns or changes so we can help each other. I am also available to answer questions or give sound advice. Our learning community has many resources and we

are here and ready. Cheers to a wonderful year ahead of us. Thank you for entrusting us with your precious children.

*Sincerely,
Ms. Penny, Director*

Dates to Remember

September -

- 4 Labor Day Holiday – No School
- 28 New Parents Orientation

- 3 Mr. Josmar
- 6 Azael Fuentes
- 21 Victoria Romero
