Discoveryland News

When the month of July rolls around, I always think of freedom, Family and Fireworks. I don't think I am wrong when I say the majority of us this year have now a very different view of what all of the above means.

With everything going on, we are looking at our freedom differently. How has this affected our friends and families? How are we addressing the issue with our children to help instill with in them equality and tolerance? We are being great examples of humanity? Can we honestly say we strive to make this world, our country, city and home a better place for future generations?

July is the time to celebrate our freedom and think about what that means to us. So as you try to figure out how to do that this year, remember that not all of us have the same freedom as others may. But also look at what you do have and be thankful for the opportunities you have been given. One thing we all have is the ability to bless others with your kindness and generosity.

Be proud of your culture and share that with others so they can see the beauty in all of us. Not differences that set us apart, but differences that make us unique and help create a diverse place to live and learn from one another. This is my prayer for all of us.

We are sure glad to see some of our friends back at school. It's a small group, but we are having lots of fun and learning new things. We hope to see more of you here this month. As you are aware, our summer months are fun camps. With the limited staff and students, we are still planning on fun camps while still following the guidelines given to us by the County and CDC. This limits us to what we can do, but we are still planning great things for your children.

Please keep your eyes open for emails in your inbox from our school. We are sending updates and notices you need to be aware of. Many of you have stated your plans for returnig. We are saving spots for those who have given us notice.

Just a reminder, starting July 6 the new rates begin. Also for those who have saved a spot for the fall or sometime this summer, the re-registration fee will be required. If you do not inform us of your plans for re-enrollment by July 17, you will no longer have a spot saved for you, and you will be required to re-enroll. We have students on our waiting list and if there is no room, your child may be placed at the bottom of the list. So please let us know soon. Thank you for your continued support and loyalty. Our days are brighter now that we are back at work with your little ones.
